Serenity String Duo, Katja and Laura provide beautiful cello and violin music. Classically trained, their extensive repertoire creates an enchanting and oh-so romantic ambience for your special day. Vibrant, professional musicians, the sisters share a passion for performance. They treat every wedding as a unique event and guarantee to make it special, providing the perfect music for the occasion.

Whether you're looking for elegant background music or upbeat pop classics, Serenity String Duo is extremely versatile and can list a variety of genres amongst the repertoire: modern pop and rock, classical pop and rock, film/TV, Broadway and jazz. The ladies told

us, "We offer couples a personalised programme to suit their musical tastes, and if they'd like a song that's not currently in our repertoire, we can discuss writing a bespoke arrangement, just for you."

From initial enquiry to the big day the pair will work with you throughout the planning process, sharing their expertise and advising you, putting you at ease every step of the way.
